Message From Marge

In May my college-bound grandson from Manhattan spent a day at **Kansas Originals** with me. As he worked in the front, he made several trips back to my office to tell me that he had customers from California and then New York. His amazement made me realize that we take for granted the daily occurrence that people are stopping here from all over the country. The other day, when I overheard a lady shopping in our store tell my employee, “*Beautiful, beautiful, you have such wonderful things*” it struck me again that the constant comments that, “*We love your store and stop every time we go by*” fall on deaf ears. We are so busy trying to keep up and survive that we don’t stop and appreciate what we have or what we have accomplished in the past 28 years. Our 2016 budget was a half million dollars. Most of our income comes from out of state and is distributed back to Kansas artists, craftsmen, food producers, businesses, services and employees. Like other not-for-profits, **We need your support to operate!!!**
